Iris of Distinction

1946

Greetings from Utah

It is with pleasure we greet you from Utah and send our 1946 list. You will note we have added many fine new varieties, however, insufficient stock does not permit us to list others this year. but we do try to "keep up" with the best of new iris from the hybridizers. We have been doing quite a lot of breeding, ourselves, and this year we have selected three new varieties for introduction which we hope will be well received: **Late Guest, Melody Lace, and Sea Lark.**

Although our stocks are somewhat limited we shall send out only fully developed rhizomes which should bloom the next season. Because our stocks are limited we do not make collection offers or give special discount offers. However, if you will list alternates which we may use in event certain varieties are sold out we may include some of these as EXTRAS in your order. We will refund for any variety sold out unless you do list alternates.

Terms: Cash with order. Postage paid on orders of \$3.00 or more; if for less add 25c to cover packing and postage.

Join the American Iris Society, 821 Washington Loan and Trust Bldg., Washington, D. C., \$3.00 yearly and enjoy the informative bulletins which will keep you "up to date" on iris subjects. If you are not already a member, send your dues to us and we will include a fine numbered seedling with your order which you will be happy to grow and which we shall be proud to have you grow.

OUR 1946 INTRODUCTIONS

(Produced by Tell Muhlestein)

LATE GUEST (City of Lincoln x Royal Command) 44-118. A late variety to help bid farewell to the iris season. Rich flaring variegata with golden-buff standards and brown-red falls edged buff. Height 40 inches. Branching high. **\$.15.00**

MELODY LACE (Mme. Louis Aureau x Tiffany) 44-84. Ivory-cream ground plicata lightly edged delicate lavender-pink. Large waved flowers with sweet fragrance. A charming iris. Height 34 inches. Good branching. **\$15.00**

SEA LARK (Brunhilde x Sable) 45-56. Blue-violet self with a large even flush of purple in center of both standards and falls. We have seen nothing like it. The flower has delightful form and character. Height 38 inches. Branching excellent. **\$35.00**

One each of the above to a customer for our stocks are very limited.

All three 1946 Introductions for \$60.00.

For our Three 1944 and 1945 introductions: **N. J. Thomas, Mount Timp and Provost** see list. One each of these for **\$50.00.**
